GUANSHEN INTELLIGENT MANUFACTURING TECHNOLOGY EQUIPMENT TRADING CENTER

General Profile

Guanshen Group is a professional industrial investment, management and operation enterprise. Since 2000, it has been involved in the hardware machinery mold industry, and so far has more than 20 years of professional market operation experience. It is a trusted professional service provider in the field of intelligent manufacturing supply chain

SINCERITY CREATES VALUE

TECHNOLOGICAL INNOVATION

The company has the State Key Laboratory of Cermited Carbide, the State-recognized Enterprise Technology Center, State-recognized industrial product quality control and technology evaluation laboratory, China Nonferrous Metals Industry Cemented Carbide Quality Inspection Station, is a national technology innovation demonstration enterprise, National Intellectual Property Demonstration Enterprise, Postdoctoral Research Station in Hunan Province. The company has obtained the certification of quality, occupational health and safety, environmental management and intellectual property management system. The company has undertaken a number of national "863" and "973" programs, National Innovation Capacity Building Program, National Science and Technology Support Program and other major scientific and technological projects, as well as national strategic innovative products and key new products and national strategic innovative products and key new product projects. Some of the scientific research achievements have reached the international advanced level, and the company has won more than 120 honors and awards at the provincial and ministerial levels. In 2011, "Key Technology for Deep Development and Application of Difficult-to-metallize Tungsten Resources" was awarded the First Prize of National Scientific and Technological Progress. In 2015, "High-performance tungsten-based composite materials and their applications" won the second prize of National Technical Invention. In 2019, "High-Efficiency and High-Reliability Microfabrication Technology and Application for High-End Printed Circuit Boards" won the Second Prize of National Scientific and Technological Progress. The company owns more than 1,000 valid patents, including 440 invention patents. Our advantageous products such as cemented carbide profiles, ball teeth and rollers have been patented in foreign countries, and 15 PCT patents have been declared and 10 foreign patents have been authorized. It has obtained 10 foreign patent authorizations. In the past 10 years, we have compiled and revised 119 national standards and industry standards. The company supervises and organizes "Cemented Carbide", which is a professional academic journal with national public circulation. It is the core journal of Chinese science and technology, and was evaluated by China Association for Science and Technology in 2020 as the important and recognized journal for academia at home and abroad.

ADVANTAGES AND LEADING PRODUCTS

Cemented carbide rods and shaped cutting materials

Rolls and Large Products

Ball tooth drills and engineering tools

Mold Materials and Carbide Shaped Products

QUALITY ASSURANCE

The company always adheres to the quality policy of "emphasizing science and technology, strict management, quality first. Diamond brand products to meet customer needs" quality policy. Passed the quality, occupational health and safety and environmental management, intellectual property rights system certification. In 2022, we won the "Hunan Provincial Governor Quality Award" and in 2023, we won the "China Quality Award Nomination Award". The company has always adhered to the concept of "all for customer service", closely focusing on customer needs, and constantly increase the technical services, and strive to improve the market service security capabilities.

ENTERPRISE CULTURE

Business Philosophy: World Tools, Wealth Sharpener
Enterprise Spirit: Diamond Spirit | The pursuit of excellence, unlimited enterprising
Management Philosophy: Management is heart-centered

Enterprise vision: Sincerity creates value, innovation achieves the future
Shared values: integrity, professionalism, innovation and efficiency
Strategic goal: to become China's first, the world's first-class hard materials industry group

**Steel Processing Series
Turning Inserts**

CDBP TOOLS steel processing series turning inserts, using self-developed high toughness substrate, specially designed chipbreaker and new MTCVD coating, are particularly developed for medium and heavy roughing machining in wind power, mining, wheel and other industries. The core innovation is the special shape chipbreaker, which enables perfect chip forming and ultimately realize chip breaking within the desired range.

Milling Series Inserts

CDBP TOOLS milling series products, in outstanding insert geometry design, combined with excellent material, ensure safety and good cutting performance in machining; The products are good at face milling, plunge milling, slope milling, Spiral interpolation milling and profile milling etc., suitable for variety workpiece milling, widely used in most processing fields.

S1 Geometry

S2 Geometry

**Difficult-to-process
Series Inserts**

Ultra precise and cutting edge grinding technology ensures positioning accuracy and cutting edge quality. Suitable for high-precision machining of difficult-to-process materials.

Solid Carbide Milling Series

The unequal spiral geometry design and unequal tooth pitch, reduce the milling tools vibration when machining and effectively improve the tool life and workpiece surface finish.

DONGGUAN AOSIJINGWEI CNC TECHNOLOGY CO., LTD.

公司简介

东莞市奥斯精威数控科技有限公司 (Dongguan AOSIJINGWEI CNC Technology Co., Ltd.) 是一家集生产、加工与销售数控刀具为一体的产销型企业。主营产品系列：标准钨钢铣刀批发（铣刀类别详见下图），并可根据客户的个性化需求定制产品。

奥斯精威的产品优势主要表现在以下三方面：

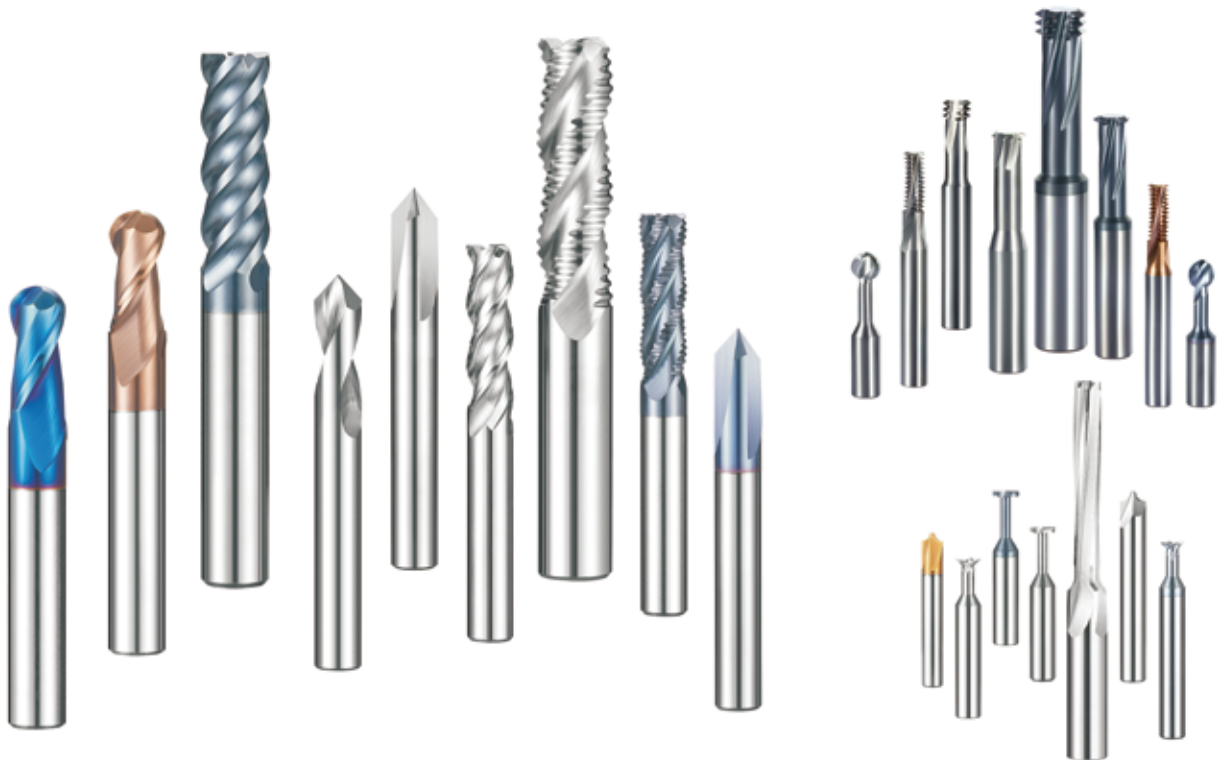

优势一：自主产能及出厂品质保证。

优势二：进口涂层核心技术支撑。

优势三：无可比拟的产品创新能力。不断进行技术创新，以保证刀具使用和加工服务品质。

Dongguan AOSIJINGWEI CNC Technology Co., Ltd. is a manufacturer and marketer of CNC tools in Dongguan. Main product series: Standard Tungsten Steel Milling Cutter Wholesale (milling cutter type see below), and can be customized according to customer demand. The product advantages of osquist are mainly manifested in the following three aspects: Advantage One: independent production capacity and factory quality assurance. Advantage Two: import core technical support coating. Advantage Three: incomparable product innovation ability. Continuous technical innovation to ensure the use of cutting tools and processing service quality.

为什么选择我们 WHY CHOOSE US

1
规模大
品质稳
Large scale
stable quality

拥有80台进口及国产加工中心、20台检测设备、3台涂层中心，是国内硬质标准刀具一线的科研、生产基地。流程化生产管理，选材、生产、检验、涂层严格的按工艺标准执行，使我们的品质稳定性始终如一。拥有五家直营门店仓储，布局前沿仓，强大的库存更好的为客户提供时效上的便捷。

With 80 imported and domestic machining centers, 20 testing equipment, and 3 coating centers, it is a research and production base for hard standard cutting tools in China. Process oriented production management, with strict adherence to process standards for material selection, production, inspection, and coating, ensures consistent quality stability. We have five direct store warehouses, layout cutting-edge warehouses, and strong inventory to better provide customers with timely convenience.

2

性价比高
Cost-effective

我们从材料代理、生产、涂层、销售拥有完整的产业链，与国内一线材料生产商成为了战略合作伙伴，磨削、涂层全自主的成本控制能力奠定了我们性价比优势，为客户创造更多的盈利空间。

We have a complete industrial chain from material agency, production, coating, and sales, and have become strategic partners with domestic frontline material manufacturers. Our cost control capabilities for grinding and coating have laid the foundation for our cost-effectiveness advantage, creating more profit space for customers.

3

定制化服务
Customized services

我们有丰富的标准刀具行业应用及被加工材料经验，根据客户的加工要求，从选材，工艺设计，涂层更有针对性的方案设计，我们拥有成熟的生产流程及工艺标准，为交期及品质保证，标准刀具的成本控制优势为客户提供定制化刀具的价格优势。

We have rich experience in the application of standard cutting tools in the industry and the materials to be processed. Based on customer processing requirements, we have a more targeted solution design from material selection, process design, and coating. We have mature production processes and process standards to ensure delivery time and quality. The cost control advantage of standard cutting tools provides customers with a price advantage of customized cutting tools.

4

电商服务
意识强
Strong awareness
of e-commerce
services

我们多年来配合了众多电商零售和外贸TO-B、TO-C端客户的经验，清楚的知道市场的需求，不断的开发市场需求的新品，让我们客户去开拓新的领域和利润点，提供了让客户不断成长和脱颖而出的机会，我们做坚强的后盾，你们做擅长的运营。

We have cooperated with many e-commerce retail and foreign trade TO-B and TO-C clients for many years, and have a clear understanding of market demand. We constantly develop new products that meet market demand, allowing our clients to explore new fields and profit points, providing opportunities for them to continuously grow and stand out. We are a strong supporter, and you are skilled in operation.

5

规格齐研发强
Uniform specifications
and strong research
and development
capabilities

针对行业刀具及被加工材料每半年推出客户所需求的新品，不断的完善市场空白规格，所有新品从立项、研发、试制、测试经过严谨的态度，与国内刀具上市公司及进口品牌互相合作，目前硬质合金标准刀具的SKU规格备货高达1万余种。更好的为客户提供一站式采购的便捷。

We launch new products every six months that meet the needs of customers for cutting tools and processed materials in the industry, continuously improving the blank specifications in the market. All new products undergo rigorous attitude from project approval, research and development, trial production, and testing, and cooperate with domestic tool listed companies and imported brands. Currently, there are over 10000 SKU specifications for hard alloy standard cutting tools in stock. Better provide customers with one-stop procurement convenience.

 达海数控机械有限公司
DAHAI CNC MACHINERY LIMITED

DaElement

Dahai CNC Machinery LIMITED was founded in 1996.
It is a carbide CNC tool enterprise integrating R&D, design, sales, and training.

The products are widely used in military industry, ships, medical devices, human implants, aerospace, mold industry, machinery industry, high-tech research and development, high-end communication electronics, precision processing and other industries.

TUNGSTEN STEEL CUTTING TOOL MANUFACTURER!

AX SERIES-COPPER ELECTRODE SPECIALIZED CUTTER

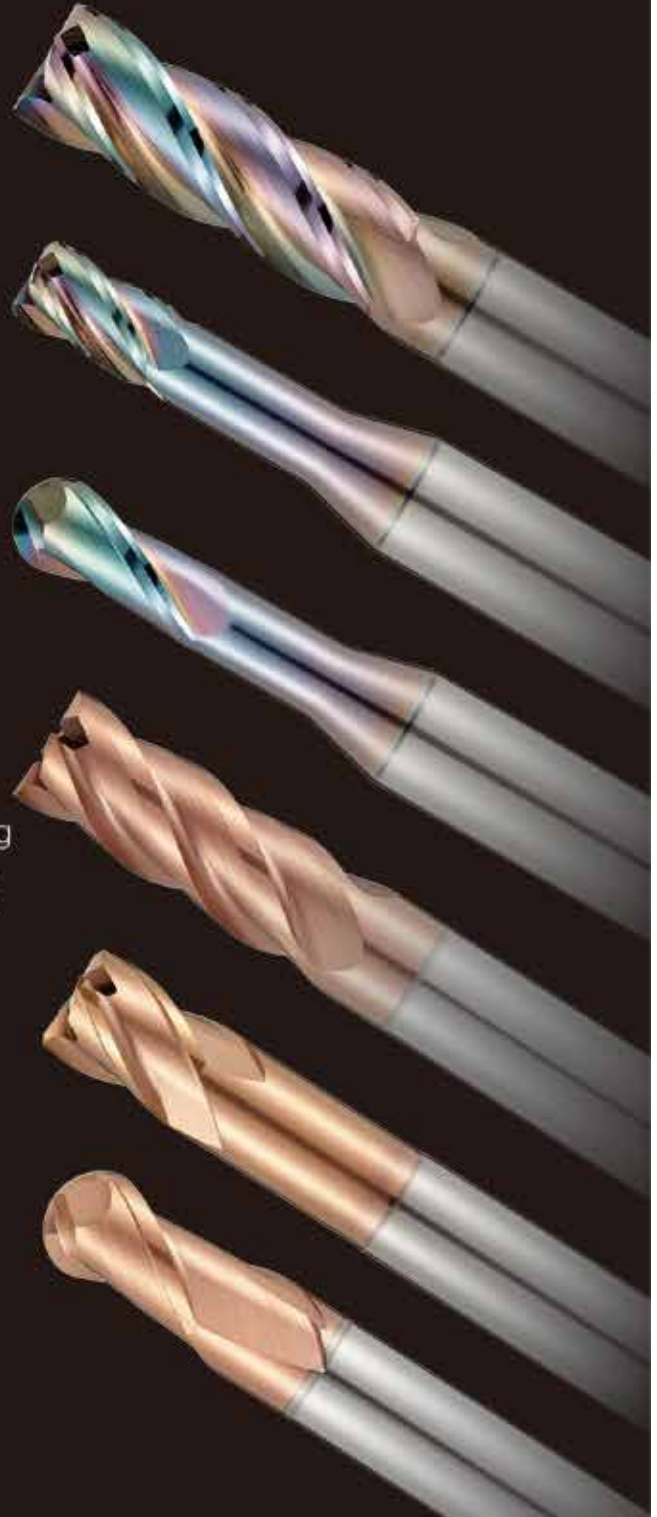

Suitable for precision copper electrodes, terminals, connectors and CNC gold and silver jewelry processing, with the advantages of good cleanliness, accurate size tolerance and other advantages.

Applied to brass, purple copper, red copper, aviation aluminum Pure gold, silver, etc.

AG SERIES - MILLING CUTTERS FOR MOLDS

Suitable for HRC52 or less mold steel processing such as NAK80, SKD11, P20, S136H, etc. plastic, hardware mold, automotive, medical, automation parts field.

A new generation of AG nano-coating is used to enhance wear resistance and improve long-lasting processing stability.

涂层高效铝用刀

DLC-COATED AL SERIES

- ✓ DLC涂层
DLC-COATING
- ✓ 精粗两用
FINE AND COARSE
DUAL-PURPOSE

镜面单刃带+圆弧刃带设计，刃带强劲，精加工时，工件可达高光效果，同时侧铣开粗也更高效。
Mirror single edge + arc edge design, the edge is strong, and the workpiece can achieve a high-gloss effect during finishing. At the same time, side milling is also more efficient.

镜面铝用刀

MIRROR AL SERIES

- ✓ 无阴阳面
NO MILLING MARKS
- ✓ 无线条
NO LINES

适用各类工况，为铝材加工提供镜面效果。
Suitable for various working conditions, made of aluminum processing provides mirror effect.

- 侧铣镜面
Side milled mirror
- 薄框镜面
Thin frame mirror
- 加长刃镜面
Extended blade mirror

钛合金不锈钢刀

STAINLESS STEEL SERIES

- ✓ 动态铣
DYNAMIC MILLING
- ✓ 高效率
HIGH EFFICIENCY

为不锈钢、钛合金提供高效加工解决方案。
Provide efficient processing solutions for stainless steel and titanium alloys.

- 不等刃
Unequal blade
- 单刃过中心
Single edge through center
- 多径U型槽
Multi-path U-shaped groove

PM高性能铣刀

PM SERIES

- ✓ 金属切削全系统通用
UNIVERSAL FOR ALL METAL CUTTING SYSTEMS

适合切削：钢件、加硬钢、不锈钢、钛合金、高温合金等。
Suitable for cutting: steel parts, hardened steel, stainless steel, titanium alloy, high temperature alloy, etc.

70°超硬铣刀

HRC70° SERIES

- ✓ 70°不虛标
NOT A FALSE MARK
- ✓ 专铣硬料
SPECIAL FOR HARD MATERIAL MILLING

实测加工SKD11高硬材料(HRC56)，可连续加工10小时。
It has been measured that the machine can process SKD11 high-hard material (HRC56), continuously for 10 hours.

东莞市森森五金刀具有限公司

DONGGUAN SEN MIAO HARDWARE CUTTER CO., LTD.

公司简介：Company profile

东莞市森森(恒钛)五金刀具有限公司成立于2006年,是一家专业生产标准型和非标型整体钨钢刀具及镶合金刀具,与各类特殊工件的刀具设计及定制服务的现代化公司。公司座落于中国五金名镇——东莞市长安镇,拥有一流的生产制造设备、配套设施及服务团队。

公司研发及销售3D玻璃热弯石墨模具、碳纤维、高硅铝等行业的金刚石涂层刀具;并代理美、日、韩等国及台湾品牌数控刀具、丝攻、量具、钻头、合金丝锥;承接非标螺纹工具的定制、数控车刀及精密数控夹头的订做。公司产品广泛应用于机械制造、模具加工、电力电子、医疗器械、光学通信、船舶制造、军工企业、航天航空等领域。

公司具有完善的管理体系,是东莞地区最具影响力的专业生产及销售企业之一,销售市场主要覆盖珠三角、长三角及西北地区。

公司遵循专业、诚信、共赢的经营理念,发扬“持之以恒,钛金品质”的精神,致力于为业界及各界厂家提供最质优价廉的五金刀具产品。公司产品深受国内外广大客户的好评与青睐,竭诚欢迎广大客商,来人来电洽谈,共创繁荣,互惠双赢。

Dongguan Senmiao (Hengtai) Hardware Tools Co., Ltd. was founded in 2006, is a professional production: standard and non-standard integral tungsten steel cutters and inlaid alloy cutters, with a variety of special workpiece cutting tool design and customization services of modern companies. The company is located in Chang'an Town, Dongguan City, a famous hardware town in China. The company has first-class manufacturing equipment, supporting facilities and service team

The company develops and sells 3D glass hot-bending graphite mold, carbon fiber, high

Dongguan xinchen numerical control tool co., ltd

Brief Introduction of Xinchen CNC Tool Co., Ltd.

Xinchen CNC Tool Co., Ltd. is a CNC tool enterprise integrating R&D, production, manufacturing, sales and service. The company's main business includes all kinds of CNC tools such as tapping, precision shank, collet, side milling head of machine tool, boring cutter, U drill, arbor, cutter head, milling cutter, cutter grain, milling series and hole processing series. After years of experience, the company has a professional technical team, especially in the field of hole processing.

The company always adheres to the tenet of "quality first, customer first" and aims at "sincerely recruiting customers from all over the world, and reputation comes from letters". We warmly welcome people from all walks of life to negotiate business, cooperate sincerely and create brilliance together!

宁波罗门五金有限公司（东莞罗门五金）

NINGBO LUOMEN HARDWARE CO.,LTD.(DONG GUAN BRANCH)

本公司专业生产罗门牌塑模及冲模配件。主要产品有塑模用导柱、导套、浇口套、模具压板、定位圈等及冲模用精密导柱、导套、顶针、司筒、冲针、模具弹簧、钢珠保持架等。没有最好，只有更好，欢迎各位新老客户来我司参观拜访，相信罗门五金是你不错的选择。

We are the manufacturer of LUOMEN brand plastic injection mould parts and punch mould parts. Our main products are guide pin, guide bush, sprue bush, mould clamp, locating ring which used in plastic injection mould and precision guide pin, guide bush, ejector pin, ejector sleeves, punch pin, mould spring, ball bearing retainer which used in punch mould. Good better best, never let it rest. Welcome all clients to visit our factory, Luomen hardware is your best choice to cooperation.

东莞市千岛机械制造有限公司

Dongguan Qian Dao Precision Machinery Manufacture Co.,Ltd.

QD680
six-axis CNC tool grinder

Outstanding performance in the production and processing of 1-8mm ball cutter and small drill bit round nose.

QD560
Five-axis CNC tool grinder

Used to produce or regrind all kinds of milling cutters, drills and other standard tools with the best processing range of P1-12mm.

QD580
Five-axis CNC tool grinder

Total power 30KW, specializing in the production of resharpening milling tools, drilling tools, forming tools and other non-standard tools.
Plus T range W1-32mm, machining length 200mm can be equipped with robot automatic loading and unloading.

QD860
Precision Segment Differential CNC Grinder

QD860 is a precision CNC segment differential grinder newly developed by Thousand Island for profile processing of molded bars, workpiece grinding range 0.2-20mm, with double grinding wheel set, can realize the fine grinding and fine grinding of the workpiece at one time.

KEENSHI 东莞市肯石研磨科技有限公司

DONGGUAN KENSHI GRINDING TECHNOLOGY CO., LTD.

公司简介

COMPANY PROFILE

东莞市肯石研磨科技有限公司是一家专业致力于高端，精密研磨耗材和配件的服务商。主要销售苏北品牌砂轮，TEIKEN 铁肯砂轮、NORTON 诺顿砂轮，Anchor 嘉宝砂轮，KEENSHI 肯石砂轮、赛力金刚石砂轮，台湾和日本系列镜面抛光轮，中国砂轮，泰乐利超镜面砂轮，油石，纤维油石，地光材料，磨床刀板，油水分离器，磨床刀架等配件和周边耗材。提供专业化一站式产品磨削方案。为高端研磨高端智造助力加油。公司服务的标杆客户有：富士康，太钢不锈钢，中航飞机，长沙湘投，上海机床厂。无锡机床厂等。也为行业高端磨床提供配机服务。欢迎各行业客户来电咨询，共同学习，共同进步。

Dongguan Kenshi Grinding Technology Co., Ltd. is a professional dedicated to high-end, precision grinding supplies and accessories of the service provider. We mainly sell Subei brand grinding wheels, Teiken, Norton Norton, Anchor Gabor, Keenshi Kenshi, Racing Diamond, series of Taiwan and Japan mirror polishing wheels, China grinding wheels, talley super mirror grinding wheel, whetstone, fiber whetstone, ground light material, grinding machine tool plate, oil-water separator, grinding machine tool frame and other accessories and peripheral consumables. To provide a professional one-stop product grinding program. For the high-end grinding high-end intelligent manufacturing power refueling. Our service benchmark customers are: Foxconn, taisteel stainless, AVIC aircraft, Changsha Hunan Tou, Shanghai machine tool factory. Wuxi Machine Tool Factory. Also for the industry to provide high-end grinding machine distribution services. Welcome to the industry customers call consultation, common learning, common progress.

不用最好，您需要的是 { 正好 } 的砂轮！

You Don't need the best, what you need is a wheel with { just } !
